**Question No:** 7**Doc Type:** Multi-Line Procurement**Page:** 83**Section:** L.2.4.3**Sub Reference:** Item vi

**Comment:** The RFP limits Section 2.0 of the offeror's technical proposal to 75 pages. This page count is more than adequate if a vendor is responding to only one line item of the RFP. However, 75 pages is not sufficient if a vendor is responding to multiple line items. Can the District modify the RFP so that a vendor responding to multiple line items can have a page limit of 150 pages maximum? This would allow vendors responding to multiple line items to provide sufficient detail about their solution to enable the District to perform a thorough evaluation without making the proposal overly voluminous.

**Response:** Replace "75 pages" with "200 pages".

**Question No:** 8**Doc Type:** Multi-Line Procurement**Page:** Non-specific**Section:** General**Sub Reference:** None

**Comment:** In LAN/WAN line item, the CISCO hardware will be at least 50%. Will hardware purchases be considered as ODC, so they won't interfere with LSDBE percentage calculations?

**Response:** LSDBE requirements set forth in the solicitation apply to the total dollar amount of proposals submitted.

---

**Question No:** 9**Doc Type:** Multi-Line Procurement**Page:** Non-specific**Section:** General**Sub Reference:** None

**Comment:** Can we have a walkthrough of the site?

**Response:** The District believes that facility drawings will be more valuable than a walk-thru at this stage of construction. Drawings will be available for review at the UCC trailer (2720 Martin Luther King Jr. Ave, S.E., Washington, DC 20032) on Tuesday, August 16, 2005 thru Thursday, August 18, 2005 from 10:00 a.m. - 3:00 p.m. Please contact Yolanda Taylor @ (202) 645-9333 to schedule. Vendors will be allowed to walk limited areas of site at this time as necessary.

---

**Question No:** 10**Doc Type:** Multi-Line Procurement**Page:** Non-specific**Section:** General**Sub Reference:** None

**Comment:** Will the LSDBE preference points be applied to the overall proposal, or both the technical and cost proposal?

**Response:** LSDBE preference points are applied to the entire solicitation.

**Question No:** 11**Doc Type:** Multi-Line Procurement**Page:** Non-specific**Section:** General**Sub Reference:** None

**Comment:** Is more weight given to contractors that can satisfy the most line items?

**Response:** The solicitation shall be evaluated and awarded based on "best value" to the District of Columbia as specified in section M.

**Question No:** 12**Doc Type:** Multi-Line Procurement**Page:** Non-specific**Section:** General**Sub Reference:** None

**Comment:** What is the deadline for submission of questions?

**Response:** Amendment 01 extended the submission of questions deadline to August 9 and District response to August 11 in order to provide adequate time for response. This amendment extends the question submission deadline to August 16 and District response to August 18.

---

**Discipline: GENERAL**

---

**Question No:** 13**Doc Type:** Multi-Line Procurement**Page:** Non-specific**Section:** General**Sub Reference:** None**Comment:** Can an LSDBE Prime bid a single line item without having to have an LSDBE subcontractor?**Response:** Any LSDBE prime must meet LSDBE sub-contracting requirements set forth in the solicitation.

---

**Question No:** 14**Doc Type:** Multi-Line Procurement**Page:** Non-specific**Section:** General**Sub Reference:** None**Comment:** Since it seems highly likely that answers to questions and further clarifications will not be available to Offerors prior to the bidder's conference, which will likely necessitate alterations to technical, management and LSDBE participation approaches (all of which require due diligence in FFP offers of this magnitude), please provide for adequate preparation time beyond the bidders' conference by extending the due date of offers to September 6, 2005.**Response:** The proposal response date has been modified to August 31, 2005.

---

**Question No:** 15**Doc Type:** Multi-Line Procurement**Page:** Non-specific**Section:** General**Sub Reference:** None**Comment:** Will the District agree to the use of the GSA Schedule contract in response to the UCC RFP?**Response:** Using GSA is not applicable to this procurement because it is open bid procurement. Using only GSA would have limited the procurement to vendors who have a GSA contract.

---

**Question No:** 16**Doc Type:** Multi-Line Procurement**Page:** Non-specific**Section:** General**Sub Reference:** None**Comment:** My company is an LSDBE Computer Services vendor located in DC. Will this be adequate certification to bid?**Response:** Yes.

---

**Question No:** 17**Doc Type:** Multi-Line Procurement**Page:** Non-specific**Section:** General**Sub Reference:** None**Comment:** Given the aggressive schedule for this project, would the District contemplate award of this contract using the pre-negotiated terms of the GSA schedule in order to minimize negotiating time?**Response:** See question 15 above.
